Who We Are

About Us

Healio Pharma Pvt. Ltd. is a science-first wellness and nutraceutical company built on one clear belief: people deserve solutions that truly work. Every formulation begins with research, not trends, and is designed around clinically aligned doses, evidence-based ingredients, and advanced delivery systems that support superior absorption, stability, and consistency.

Our approach is transparent and precise. We focus on outcomes that are real and measurable, supported by clear guidance, rigorous quality discipline, and a responsibility-led mindset where wellness is not a claim but a commitment. Across every product and every batch, Healio exists to translate trusted science into everyday healing that people can feel and rely on, staying true to our promise: Science that Heals!

Our Vision

"To become the world's most trusted name in evidence-based healing. We envision a future where choosing better health is simple, outcomes are unmistakably clear, and every formulation we create becomes the quiet standard behind confident, healthier lives everywhere."

Our Mission

"We exist to turn trusted science into everyday healing. We do this by creating research-backed formulations with clinically proven doses, engineered for superior absorption, stability, and consistency, and delivered with transparent guidance and uncompromising quality. So that people experience real results they can feel, trust they can rely on, and wellness that truly heals from within, the promise behind Science that heals!"

Our Capabilities

What Sets **Healio** Apart

✓ **Manufacturing & Compliance Standards**

All Healio products are manufactured exclusively in Central FSSAI licensed, USFDA registered, and WHO-GMP certified facilities. This standard is non-negotiable and applies across every formulation and every batch, ensuring regulatory readiness, quality consistency, and global market compliance.

✓ **Science-First Formulation Approach**

Our formulations are designed using evidence-based ingredients and clinically aligned doses, supported by advanced delivery systems that improve absorption, stability, and consistency. Every product is developed with a clear understanding of how it works in the body to support reliable and measurable wellness outcomes.

✓ **Purpose-Driven Product Categories**

Healio's portfolio spans key wellness needs including sleep and stress support, performance and vitality, muscle and mineral nutrition, pediatric essentials, antioxidants and longevity, beauty and collagen nutrition, and daily core supplements, all developed with a clear outcome focus.

✓ **Digital & E-Commerce Support**

Beyond products, Healio supports partners with science-aligned digital content, educational reels and posts, and e-commerce readiness including product listings and launch assets. This ensures responsible communication, faster adoption, and stronger brand consistency across digital platforms.

Our Founders

Meet the Leadership

Healio's leadership brings together decades of academic excellence, pharmaceutical science, and responsible innovation.

Dr. Chandrashekhar A. Doifode, PhD

Co-Founder, Director, & Principal Scientific Advisor

Dr. Chandrashekhar A. Doifode brings over four decades of experience in pharmaceutical education, research, and academic leadership. A former Principal of Taywade College of Pharmacy, Nagpur, he has played a pivotal role in shaping pharmacy education, regulatory compliance, and research culture across institutions.

With extensive expertise in pharmaceutical chemistry, formulation development, nutraceutical and herbal product standardization, and academic governance, Dr. Doifode has served in key leadership roles including President of the Central India Pharmacy and Research Association and member of university Boards of Studies. His guidance anchors Healio's scientific rigor, ethical discipline, and research-driven approach to product development.

Dr. Kunal Banode, PhD

Co-Founder & Director

Dr. Kunal Banode is a pharmaceutical scientist and entrepreneur with deep research experience in formulation science and advanced drug delivery systems. His academic and research work focuses on translating evidence-based pharmaceutical principles into practical, outcome-oriented wellness solutions.

As Founder and Director of Healio Pharma Pvt. Ltd., Dr. Banode leads the company's vision of building a science-first nutraceutical brand grounded in clinically aligned formulations, disciplined quality standards, and responsible communication. His leadership ensures that Healio's products are designed for real, measurable wellness outcomes while maintaining regulatory and scientific integrity.

Leadership Philosophy

Together, the leadership combines academic depth, formulation science, and long-term vision, ensuring that Healio Pharma remains firmly rooted in evidence, responsibility, and the promise of Science that Heals!

Current **Product** Portfolio

Energy, Performance & Vitality

Formulations designed to support physical energy, stamina, and daily performance through disciplined nutrient and botanical combinations.

Sleep, Stress & Neuro Support

Products developed to support relaxation, sleep quality, and neurological balance, with emphasis on consistency and daily usability.

Muscle, Nerve & Mineral Support

Targeted mineral and nutrient systems formulated to support muscle function, nerve signaling, and metabolic balance.

Pediatric & Daily Essentials

Carefully designed daily-use formulations addressing foundational nutritional needs, including age-appropriate wellness support.

Future Product Pipeline (Not Limited To)

Antioxidant & Cellular Health

Formulations focused on cellular protection, metabolic balance, and foundational antioxidant support, developed with attention to bioavailability and long-term use.

Beauty, Skin & Collagen Nutrition

Nutrition-led approaches to skin health, structural support, and connective tissue wellness, designed to complement overall systemic health.

Longevity & Advanced Wellness

Next-generation wellness formulations exploring healthy aging, resilience, and sustained vitality through evidence-guided innovation.

Core Daily Nutrition

Essential nutrient systems intended to support everyday nutritional adequacy across diverse age groups and lifestyles.

Brand Enablement, Markets & Partnership

Healio supports its partners beyond product development by enabling clear, responsible, and science-aligned communication across digital and commercial platforms. Our brand enablement approach is designed to help partners educate, engage, and scale with consistency and credibility.

01 Digital & Educational Support

Healio provides structured digital content support including educational reels, posts, and science-led product communication assets, developed to align with regulatory discipline and brand integrity across platforms.

02 E-Commerce Readiness

We assist partners with e-commerce-ready product content, listings, and visual assets to ensure clarity, consistency, and faster go-to-market execution across online channels.

03 Markets & Expansion

Healio currently operates in the Indian market, with planned launches in the UAE and a strategic roadmap for expansion into additional global regions. All formulations and processes are developed with export readiness and regulatory alignment in mind.

04 Partner With Healio

We work closely with distributors, healthcare professionals, and strategic partners who share our commitment to evidence-based wellness, quality discipline, and long-term trust.
